WORK EXPERIENCE

Accenture | Software Engineer

Jun 2025 - Present · Alicante / Remote

- Developed and maintained enterprise applications using Java, JSP, and Spring Framework
- Built REST & SOAP APIs, including SOAP services used by 500+ travel agencies
- Optimized SQL queries to improve application performance and data processing
- Diagnosed and resolved production issues across backend services, APIs, and database integrations
- Performed functional, integration, and regression testing across application components

Universidad de Alicante | IT Technician Intern

Feb 2023 - Jul 2023 · Alicante / On-Site

- Redesigned and optimized the university's internal IT ticketing platform using HTML, CSS, JavaScript, and PHP, reducing ticket loading times by over 50%
- Redesigned ticket views, information displays, and history workflows to improve usability
- Provided technical support and guidance to academic and administrative staff, diagnosing and resolving software and hardware issues
- Installed, configured, and maintained computer equipment and software across university systems
